For his half-interest Mr. Sparks received \$500,000 cash and 12,000 acres of land in the Texas cotton belt, valued at \$50 an acre.

## ARMY APPOINTMENS.

Large Plums Are Obtained by Four Utah Men.

In the list of army appointments that President McKinley has transmitted to Congress, there appears the names of four Utah men. They are Majors Frank A. Grant, George Penrose, George F. Downey and Charles F. Stanton. Major Grant of the Utah batteries is awarded a position of assistant quar-termaster, with the rank of captain in regular army. Major Grant is now in New York.

The name of Major Penrose appears in the list as George L. Penrose of Utah among the captains-quartermas-ter. The only Penrose here that is known as an aspirant to a military ap-pointment is Dr. George H. Penrose, It was announced two weeks ago that he had been appointed to a majorship in the medical department, and it is thought that there is some confusion in the dispatches. Maj. Penrose is now home on a sick leave from the Phillip-

pines, where he has been serving as a brigade surgeon ever since he went to

brigade surgeon ever since he went to the islands with the Utah batteries. Major George F. Downey of this city remains in the pay department of the regular army with the same rank as he held in the volunteer army. Charles E. Stanton, who is well known here, is retained in the regular army, with the rank of captain, mount-ed in the pay department where he army, with the rank of captain, mount-ed, in the pay department, where he has served for three years. He is now in the Philippines, but expects to be transferred to the United States this

The many friends of these Utah men will feel great satisfaction over their success in getting these appointments:

# OPPOSED TO INSTALLMENT IDEA

D. A. & M. Society Want Cash Down for Its Property.

EMPEY MADE PRESIDENT.

Proposition of Moving to Agricultural Park is a Remote Prospect-Some Strong Opposition to the Park.

Whether the privilege the Legislature granted the D. A. and M. society to sell its property at the exposition grounds to the city, will ever result in a benefit or not to the society, is a question susceptible of some speculation. Arising from the fact that the offer of the city to purchase the property of the society for \$20,000, paying for it in installments, has been turned down, the directors being unable to see the advantage to be got out of such a transaction. This leaves the proposition of moving to Agricultural park a remoter prospect than ever, and necessarily precludes the horse-racing feature that has been mentioned in connection with the coming fair.

The society has, however, accomplished several things. It has met and elected its officers, named its supervis-ors of departments and decided to give \$8,000 for premiums for the next fair. The officers elected are, president, Nelson A. Empey, vice-president, John H. White, and S. W. Sears secretary. Di-rector Palfreyman nominated Raiph Wood for that position, but he only obtained one vote. Elias A. Smith was elected treasurer without opposition. The supervisors of the various departoents were named as follows: Horses—Richard Palfreyman.

Cattle-John H. White and George F. Beckstead. Sheep and Swine-John H. White and George F. Beckstead, Poultry, Bees and Dairy Products-A. F. Farr, Jr.

Manufactures-J. G. McDonald and J. C. Cutler. Woman's Work-Ruth M. Fox. Fine Arts and Education-Bertha L.

Bamberger, Agricultural Products -- W. H. Streeper. Horticulture and Floriculture-W. G.

Cragun. Minerals-Moses W. Taylor.

Minerals—Moses W. Taylor.

Executive Committee—N. A. Empey,
John H. White, Moses W. Taylor, John
C. Cutler and J. G. McDonald.

Premiums and Exposition—W. G.
Cragun, Richard Palfreyman, A. F.
Farr, Jr., W. H. Streeper, George F.
Beckstead.

Einance—Moses W. Taylor, L. G. Finance-Moses W. Taylor, J. G.

McDonald, John C. Cutler.
Transportation—John C. Cutler, Moses W. Taylor and J. G. McDonald. The secretary was made ex-officion member of all committees, without voting power.

The proposition of the city to pay \$20,-

000 for the property of the society in four annual installments was unani-

tion in the hands of the executive com-mittee, which will confer with the members of the City Council and will report to a meeting of the directors to be held next Saturday afternoon at 2 o'clock.
In considering the matter of pr miums the directors seem to have been attacked with an enlargement of the heart. They decided to give \$8,000 in that way, the most that has ever been given here, or in any other State aside from the item of horse races. This de-cision means that the society will pay out most of the money appropriated for it, in premiums and depend on the gate receipts to pay the expenses of the fair.
There was no reference made to
Agricultural park in the meeting of the directors, but in an informal discussion Palfreyman oppose the Agricultural park very strenuously. They aver that it is a bad location for the fair, and it would mean serious loss to the society if the expositions were held out there. They have no other site in mind to of-

fer, but they oppose the park on general principles. They think that the park should be sold and the money used in securing a more suitable site.

The item of horse races was also left studiously alone in the meeting, and the indications are that that feature in connection with the fair has not many advocates if any, among the directors All these things, however, may be disposed of at the meeting next Saturday, which promises to be a fast session.
